MODIFICATION RECORD

- July 10, 2013  Version 2.2 – Updated Full Membership fee to reflect July 1, 2013 increase to $21,000.00.
- October 16, 2007  Version 2.1 – Updated Full Membership fee to reflect August 1, 2007 increase to $19,000.00.
- January 20, 2005  Version 2.0 – New Charter
- Circa 1997  Version 1.0 – HTML version on website
UNH-IOL Wireless LAN Consortium Charter

1.0 Extension of UNH-IOL Usage Agreement

This University of New Hampshire InterOperability Laboratory (UNH-IOL) Wireless local-area network (LAN) Consortium (hereafter referred to as Consortium) Charter serves as an extension of the UNH-IOL Usage Agreement. As a result, this Consortium Charter is bound to the full acceptance of the UNH-IOL Usage Agreement. The section numbers outlined in this Consortium Charter reference the corresponding section numbers in the UNH-IOL Usage Agreement.

2.0 Additional Definitions

Consortium Manager A representative of the UNH-IOL assigned to lead and support the efforts of the Consortium. The Consortium Manager is the primary contact for all members to the UNH-IOL.

3.0 Consortium Purpose and Goals

3.1 Purpose

The purpose of the Consortium is three-fold:

3.1.1 To develop and disseminate technical information relative to proper implementation and use of wireless LAN technologies.
3.1.2 To provide the facilities, services and procedures that will allow a quantitative assessment of a device(s) or component(s) ability to properly participate in multi-vendor wireless LANs.
3.1.3 To investigate interoperability issues related to Wireless LANs and to provide a forum for their discussion.

3.2 Goals

This agreement establishes the following items as goals for Consortium members:

3.2.1 To provide a long-term independent facility where wireless LAN products can be tested in a heterogeneous environment.
3.2.2 To provide a medium scale, heterogeneous environment for experimental operation outside of normal wireless LAN design limits.
3.2.3 To develop a set of interoperability tests and testing procedures that will provide a high level of confidence in product interoperability.
3.2.4 To develop tests and procedures to diagnose interoperability problems.
3.2.5 To simplify interoperability testing procedures by reducing organizational overhead.
3.2.6 To provide a forum for the exchange of technical information between Consortium members concerning issues related to wireless LANs and products.
3.2.7 To contribute to wireless LAN standards development activities by providing feedback that will enhance interoperability.
3.2.8 To support the development of testing tools and test suites and scripts allowing a detailed conformance examination of the wireless LAN protocols. To promote wireless LAN conformance to published standards and interoperability in heterogeneous vendor environments.
3.2.9 To develop conformance Test Suites, Test Scripts, and Diagnostic Tools including conformance tests.
3.2.10 To organize and support an interoperability verification process.
3.2.11 Implement a plugfest if sufficient interest from Consortium Members exists.

3.3 Compliance with Antitrust Laws

The University of New Hampshire (hereafter referred to as University) and Consortium Members are committed to fostering open competition in the development of products and services based on wireless LAN technologies. The Consortium Members understand that in certain lines of business they are or may be direct competitors and that it is imperative that they and their representatives act in a manner which does not violate any state, federal or international antitrust laws and regulations. Without limiting the generality of the foregoing, the Consortium Members acknowledge that they will not engage in any communications regarding costs, prices, quantity or quality of production levels, methods or channels of distribution, markets, customers, exclusion of competitors or any other topic, which may be construed as a violation of antitrust laws. Accordingly, each Consortium Member will counsel its representatives who participate in any activities relating to wireless LAN standards or testing on the importance of limiting the scope of their discussions and communications to the topics that relate to the purposes of wireless LAN standards or testing, whether or not such discussions and communications take place during formal meetings, informal gatherings, or otherwise.
4.0 Membership Agreement

4.1 Services to be provided by the UNH-IOL to members:

4.1.1 Mailing List
The Consortium will maintain a mailing list (wcmembers@iol.unh.edu) allowing Consortium members the ability to communicate ideas to the UNH-IOL as well as other members. The mailing list will be administered via UNH-IOL systems.

4.2 Membership Structure and Fee Structure

The following Fee Structure terms will apply to the wireless LAN Consortium. Members may also be bound by additional Fee Structure terms, such as those specified in Section 4.2 of the UNH-IOL Usage Agreement.

4.2.1 UNH-IOL Wireless LAN Consortium Equipment Vendor Membership

4.2.1.1 UNH-IOL Wireless LAN Consortium Full Membership Fee: This fee is due annually at the anniversary of membership acceptance. This fee grants full access to the UNH-IOL as often as requested within the constraint of equitable allocation of UNH-IOL time. The annual Full membership fee for the UNH-IOL wireless LAN Consortium is Twenty-One Thousand U.S. Dollars ($21,000.00 USD).

4.2.2 UNH-IOL Wireless LAN Consortium Scheduling Policy

The Laboratory typically can be reserved for a period of one business week. Provisions exist within the Consortium to schedule testing outside of the regular calendar.

4.2.2.1 Regular Testing
In order for a member to utilize regular testing services, the following requirements must be met: the vendor must be a member in good standing at the time of the requested testing week; each member can have, at most, one active reservation per membership at any given point in time; and the device(s) under test must be available during the test slot.
4.2.2.2 Overtime Testing

Overtime testing is an alternative for members to bypass the existing scheduling mechanism if time-critical services are required. Testing is performed outside of business hours, typically during weekends, such that the regularly scheduled testing service is not impacted. An additional service fee is required to schedule overtime testing. Specific costs, details and arrangements of overtime testing are coordinated with UNH-IOL personnel. In order for a member to utilize overtime testing services, the following requirements must be met: an overtime testing slot must be available; the requestor must be a member in good standing at the time of the test reservation; the device(s) under test must be available during the test slot.

4.2.2.3 Waiting List

The UNH-IOL personnel will maintain a list of testing requests from members who wish to use the Consortium facilities during a specific time slot currently reserved by another member. The administrative contact of the first member on the list will be notified if the slot becomes available.

4.2.2.4 No show

A NO SHOW is classified as a cancellation with less than two weeks notice, or failure to arrive at the UNH-IOL during the scheduled time period. A member who is guilty of a NO SHOW may not reserve the UNH-IOL for a period of eight (8) weeks in an effort to enforce fair and non-abusive access to the Consortium for all members. The UNH-IOL may waive the penalty if just cause is given.

4.3 Equipment and Results

Equipment and Results are addressed in the UNH-IOL Usage Agreement.

5.0 Confidentiality

Confidentiality is addressed in the UNH-IOL Usage Agreement.
6.0 Organization and Operation

Organization and Operation is addressed in the UNH-IOL Usage Agreement.

7.0 Security of Physical Equipment

Access to other member(s) device(s) or component(s) is allowed only via a specific network interface(s) defined by the member for gathering wireless LAN interoperability information. Information that can be obtained via the network is deemed interoperability information. Physical access to another members’ equipment will be via UNH-IOL personnel only.

8.0 Warranty

The University makes no representations or warranties, express or implied. By way of example but not of limitation, The University MAKES NO REPRESENTATIONS OR WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE. The University SHALL NOT BE LIABLE UNDER ANY CLAIM, CHARGE, OR DEMAND, WHETHER IN CONTRACT, TORT, CRIMINAL LAW, OR OTHERWISE, FOR ANY AND ALL LOSS, COST, CHARGE, CLAIM, DEMAND, FEE, EXPENSE, OR DAMAGE OF EVERY NATURE AND KIND ARISING OUT OF, CONNECTED WITH, RESULTING FROM OR SUSTAINED AS A RESULT OF EXECUTING THIS AGREEMENT OR FOR PERFORMING ALL OR ANY PART OF THIS AGREEMENT. IN NO EVENT SHALL UNH BE LIABLE FOR SPECIAL, DIRECT, INDIRECT, OR CONSEQUENTIAL DAMAGES, LOSSES, COSTS, CHARGES, CLAIMS, DEMANDS, FEES OR EXPENSES OF ANY NATURE OR KIND.

9.0 Acceptance

A company that has submitted payment or a purchase order for payment of the Consortium membership fee outlined in Section 4.2.1 shall be construed to mean full acceptance of this Consortium Charter, UNH-IOL Usage Agreement and all provisions outlined. Signed membership forms listing Administrative and Technical Contacts shall be maintained by the University per Section 4.1.7 of the UNH-IOL Usage Agreement.

10.0 Amendments

The Consortium Manager in consultation with all Consortium members makes amendments to the Consortium Charter. Members may submit amendment requests for consideration to the Consortium Manager. All Consortium members will be contacted with the proposed amendment and asked to submit comments and questions in regards to the amendment. Members will be provided thirty days
to respond. At any time during this review period, the Consortium manager may revise the proposed amendment, based on feedback. However, doing so will require all Consortium members to again be contacted and the thirty-day review period restarted. At the end of the review period, should the requested change not be in violation of the UNH-IOL Usage Agreement and have a majority interest of existing Consortium members, then the UNH-IOL will amend the Charter with the amendments noted in the modifications record.
