## Result Key

The following table contains possible results and their meanings:

Result:	Description:
<b>PASS</b>	The Device Under Test (DUT) was observed to exhibit conformant behavior.
<b>PASS with Comments</b>	The DUT was observed to exhibit conformant behavior however an additional explanation of the situation is included.
<b>Qualified PASS</b>	The DUT was observed to exhibit conformant behavior, with the exception of fault(s) or defect(s) which were previously known.
<b>FAIL</b>	The DUT was observed to exhibit non-conformant behavior.
<b>Warning</b>	The DUT was observed to exhibit behavior that is not recommended.
<b>Informative</b>	Results are for informative purposes only and are not judged on a pass or fail basis.
<b>Refer to Comments</b>	From the observations, a valid pass or fail could not be determined. An additional explanation of the situation is included.
<b>Not Applicable</b>	The DUT does not support the technology required to perform this test.
<b>Not Available</b>	Due to testing station limitations or time limitations, the tests could not be performed.
<b>Borderline</b>	The observed values of the specific parameters are valid at one extreme and invalid at the other.
<b>Not Tested</b>	Not tested due to the time constraints of the test period.

Subnet Manager	Part A	Part B	Part C
OpenSM	PASS	PASS	PASS
<b>Result Discussion:</b>			
IPoIB ping, SFTP, and SCP transactions completed successfully between all HCAs; each HCA acted as both a client and a server for all tests.

OpenSM	PASS
<b>Result Discussion:</b>	
OpenSM was able to properly handle SM priority and state rules.	

**11.6: SRP**

Subnet Manager	Result
OpenSM	PASS
<b>Result Discussion:</b>	
Communications between all HCAs and all SRP targets succeeded while OpenSM was in control of the fabric.	

**13.2: TI NFS over RDMA**

Subnet Manager	Result
OpenSM	PASS
<b>Result Discussion:</b>	
With the exception of the XXXX and YYYY HCAs, all other devices were able to complete the Connectathon test suite; each HCA acted as both a client and a server. XXXX and YYYY were unable to successfully complete the Connectathon test suite while running as the server.
